

At Ovolo, we always like a bit of good clean fun – but in light of recent events, we've upped the ante on our approach, so you can relax knowing you're in good (thoroughly washed) hands.

Here are the hits we currently have on high rotation.

#1 **DON'T STAND**
so close **TO ME**

Sorry! 1.5 metres is as close as we can get to you these days (but don't take it personally, we'd hug you if we could).

#3 **Am I Ever**
Gunna See Your
Face Again?

Don't be alarmed by our staff's new accessories! They're currently wearing masks and gloves to keep everyone safe – but you'll see their pretty faces again soon.

#2 **Space Oddity**

When possible, we're leaving every guest room unoccupied for at least 24 hours between guests, so you can breathe easy.

#4 **I Feel**
Fine

When you roll up, we'll ask you to confirm you feel 100% healthy and symptom-free, and to let us know if anything changes.

#5 **RIGHT HERE**
WAITING

Sorry, we've had to take away the buffets in our restaurants for now – but on the upside, you can enjoy being waiting on hand and foot.

#6 **So Fresh,**
So Clean

We're doubling up on cleaning and disinfecting guest rooms and public spaces – and we're making sure hand sanitiser and disinfectant wipes are always within easy reach.

#7 **U**
CAN'T
TOUCH
THIS

Jokes – we're keeping all 'high touch' surfaces clean as a whistle, and we've removed some unnecessary bits and pieces from your room to minimise any risk.

#8 **MO** MONEY,
PROBLEMS

We've got contactless payments available where possible, so you can leave your cash at home.

#9 **Hot Stuff**

We're checking temperatures of all our staff before they start work, for extra peace of mind.

#10 **With A Little Help From My Friends**

Our staff are all getting plenty of hygiene training to help keep this a happy, healthy place to be. If they ask you to do something, please do us a favour and go along with it. After all, we're all in this together.
